District Haripur: Building capacity of primary care physicians II

As part of developing the MHPSS pilot services in KP, the final mhGAP training workshop was conducted in Haripur from 20th to 24th October, 2025. The workshop was attended by twenty one primary care physicians and four clinical psychologists to strengthen their capacity in identifying and managing common mental health conditions.

The training of primary care physicians in target districts is supported by the German Federal Ministry for Economic Cooperation and Development (BMZ) through GIZ in Pakistan and its implementing partner International Medical Corps.

Some reflections by the participants is shared below:
