

The MHPSS National Implementation Plan (2025-2030) for Pakistan was launched by the Federal Minister for Planning, Development & Special Initiatives Prof. Ahsan Iqbal Chaudhary on 13th August 2025 in Islamabad.

The 5-Year MHPSS Implementation Plan offers a systematic approach, based on implementation science framework, to calibrate resources and initiate these services in phases at the federal and provincial levels.

The plan provides a clear step by step roadmap for scaling up the model and embedding a robust monitoring and evaluation mechanism to ensure effectiveness and sustainability.
